**Subject:** PADEP Data request

Den,

I know you are busy and I keep forgetting to ask about this.....

TechLaw is going through the Cabot submitted data. Included in that are pdf's of PADEP data. Much of it is poorly scanned and a waste to review. I wanted to contact PADEP (probably Mike O'Donnell) directly or ask Karen J to do that to see if we could get electronic files of their data (xcell, EDD, etc.).

What's your thoughts on the timing of such a request. I am sensitive to Shawn and others contacting PADEP and don't want to do anything to pre-empt that.

For now, we are having TechLaw put that document aside and move on.

Let me know. when you can.

Rich
